2011 Schedule

The YMCA has been a leader in swimming lessons for more than 110 years. The Wilson Family YMCA follows the guidelines of the YMCA of the USA and promotes safety, skill development and fun. Trained instructors teach in a student-centered, caring atmosphere. Introduction of new skills through exploration, practice and games is fundamental for success in our swimming program. As children grow, their swimming instruction can progress with age-appropriate skill development, all the way through adulthood. Our swimming lessons maintain a 1:6 teacher to student ratio in the pre-school level and a 1:8 ratio in the youth level. A certified lifeguard is always on duty during swim lessons.
